Printed Name of Notary Public

ELECTRICIAN INSURANCE REQUIREMENTS

Electrical contractors, electrical sign contractors and residential appliance installation contractors are required to maintain at least a minimum general liability insurance coverage at all times to satisfy proof of financial responsibility.

(1) The insurance must be at least $300,000 per occurrence (combined for property damage and bodily injury);

(2) Be at least $600,000 aggregate (total amount the policy will pay for property damages and bodily injury); and

(3) Be at least $300,000 aggregate for products and completed operations.

Proof of the required general liability and worker's compensation insurance can be submitted on an industry standard certificate of insurance form with a 30-day cancellation notice. Worker's compensation coverage may be established by a certificate of authority to self-insure, or an applicant may state that it has elected not to obtain worker's compensation coverage providing that applicant ***has no employees***.

Such insurance shall be written by an accredited company under the supervision of the board of Insurance commissioners of the State of Texas.

Evidence of compliance with the above insurance requirements shall be considered as having been met when the policy, a copy thereof, or a certificate of insurance has been filed with and approved by the Permitting Office. Such policy shall include an endorsement thereon that the city will be notified at least ten days in advance in the event of the policy or policies being cancelled or expiring before the expiration date of the license. (Pg. CD18:82)

PLUMBERS & GAS FITTER INSURANCE REQUIREMENTS

The City of Deer Park shall not register a master plumber as a contractor until and unless the master plumber furnishes proof of comprehensive general liability insurance (including products liability and completed operations coverage) with minimum limits of $300,000 for death or bodily injury and $300,000 for property damage, per occurrence. The policy must be issued by a carrier that is listed with a rating of A or A+ in the last published edition of Best's Insurance Reports - Property Casualty Volume (published by A.M. Best Company, Oldwich, NJ 08858). It shall be the duty of each registered contractor to maintain current proof of coverage with the City of Deer Park. The proof of coverage shall be provided in the form of a certificate issued by an authorized agent or employee of the company issuing the policy that specifies the coverage and identifies the insured.
