- Brick Oven Pizza Company will be coming this summer to 3601 Center St. in the Deer Park Marketplace retail center (next door to Planet Fitness and TexSmiles Dental).
- Deer Park Animal Hospital has broken ground on their new facility on East Blvd., directly across the street from Heritage Elementary. You now see the construction of their new building, which will be much larger than the current location at 2822 Center St. They will have upgraded boarding capabilities and improved access for their clients and patients. Look for construction to be complete by the end of 2018, upon which time they will relocate from their current location.
- Credeur's Cajun Cookin' at 6915 Spencer Hwy. now delivers through the WAITR app. This popular app is placed on your phone, and offers the convenience of carryout and delivery of your favorite foods. You can even browse through restaurants, photos, menus, pay and track your order. Go to www.waitrapp.com for more information.
- Murphy's Deli at 1430 Center Street will soon be relocating to a retail center in Pasadena, at the intersection of Spencer Hwy. and Durant St.

- Fun Fact: It often rains solid diamonds on Uranus and Neptune. This is due to the lightning storms that strike their large clouds of methane. In fact, scientists think diamond oceans dotted with solid diamond "icebergs" on Uranus and Neptune could be to blame for the fact that their magnetic fields are tilted from their axes of rotation by a whopping 60 degrees.
