# Traffic Accidents & Location Map

44 Accidents Reported in February

## Driving Safety:

- NEVER drive while impaired on drugs or alcohol. If you drink don't drive.
- Do not drive while distracted. The cell phone is the # 1 culprit here. Put your phone down – it can wait.
- Do not "tailgate". Over 50% of the crashes this month were drivers running into the back of another vehicle. This is due to drivers not using safe driving strategies.

In February there were 16 motor vehicle crashes on Center Street. Please slow down and drive safely.
